Davis's Drug Guide for Nurses with CD-ROM (10th Ed)

Judith Hopfer Deglin & April Hazard Vallerand

2006, 1,409 Pages, \$40.95

Davis's Drug Guide for Nurses, 10th Edition contains well-organized monographs with an emphasis on what students and nurses need to know. The 10th edition has expanded info on Peds, OB and Geri. Plus, free updates and recently FDA-approved drug monographs are posted regularly at www.DrugGuide.com.

NCLEX-RN® Notes: Core Review and Exam Prep (with CD-ROM)

Barbara A. Vitale

2007, 273 Pages, \$24.95

Prepare for the NCLEX wherever you are! This pocket-sized Davis's Notes title may weigh little, but it's no lightweight. It contains studying and test-taking tips, strategies, techniques, and nursing content in quick snippets to allow you to maximize your review time. A mini CD-ROM enclosed with the book provides 1,000 multiple-choice and alternate format questions with answers and rationales for test review, and a focus on common test-taking errors with strategic tips on how to avoid them.

MedNotes: Pocket Drug Guide (2nd Ed)

Judith Hopfer Deglin & April Hazard Vallerand

2007, 169 Pages, \$23.95

This handy reference includes over 160 of the top medications commonly prescribed in acute and ambulatory care, including "High Alert" meds and emergency drugs. And, like Davis's Drug Guide, its focus is patient safety with vital information for Peds and Geri, as well as precautions for all vulnerable populations. Waterproof and reusable pages too!

RNotes®: Nurse's Clinical Pocket Guide (2nd Ed)

Ehren Myers

2006, 255 Pages, \$23.95

In this new refined, reorganized, and updated second edition, RNotes® continues to present practical, clinically-oriented content across a wide range of topics in a succinct pocket-sized tool: quick find features, portability, functionality, and more of the commonly-used but rarely memorized clinical information that hundreds of thousands of nurses and students refer to daily.

NCLEX-RN Review Guide: Top Ten Questions for Quick Review

Cynthia Chernecky and Nancy Stark

2007, 378 Pages, \$32.95

Begin the task of studying for the NCLEX—one of the most important tests you'll ever take—by concentrating on those subject areas where you need the most help. Use the Top Ten Questions to gauge your strengths and weaknesses and develop a thorough plan of study. No other NCLEX-RN review guide offers such a precise measurement of your true ability. The 2,000 practice questions will help you hone your skills and zero in on weaker areas. By the time you're done, you'll feel confident and prepared to take

the next step—passing the exam! Includes a convenient CD-ROM of review questions!

NCLEX-RN Review: 1,000 Questions To Help You Pass

Patricia McLean Hoyson and Kimberly A. Serroka

2007, 400 Pages, \$32.95

Guided, focused study is key to success—begin with this review guide and you'll be on the right track! Designed to help you develop the confidence which comes with knowing that you have taken the necessary steps to best prepare for the NCLEX-RN exam, this review guide contains approximately 1,000 multiple choice and alternate format questions with answers and rationales, and extensive test-taking strategies. By assessing all three key components required to pass the NCLEX-RN, you will have found how to combat any study or test-taking deficiencies, developed a timeline, and prioritized your content areas for study. Includes a convenient CD-ROM of review questions!

MediQuik Drug Cards

2008, 912 pages, \$37.95

These best-selling MediQuik Drug Cards supply key information for safely administering the most commonly used drugs. Organized alphabetically, these quick-scanning 5-x-7-inch drug cards cover more than 350 generic drugs, 28 drug classes, and 15 commonly used herbal medications. This updated edition includes dozens of newly approved drugs, newly approved indications, and more Alert logos. Additionally, two helpful tools are available on eDrugInfo.com: Construct-A-Card, for creating new drug cards, and Construct-a-Calendar, for creating patient-specific drug administration calendars.

Springhouse Nurse's Drug Guide 2008

2008, 1472 Pages, \$39.95

Springhouse Nurse's Drug Guide 2008 provides comprehensive, student-friendly information on over 750 generic and over 3,500 trade-name drugs, including 20 recently-approved drugs and dozens of recently-approved indications. This edition highlights both rapid-onset and delayed-onset interactions, has more "Alert" logos to highlight potential drug errors, and includes new look-alike and sound-alike logos in every appropriate entry. A new appendix covers dietary teaching for drug therapy. Other features include a full-color photo guide to over 200 tablets and capsules; coverage of 40 pharmacologic and therapeutic classifications with prototype drugs highlighted; nursing process sections in every drug entry; and updates on eDrugInfo.com.

Lippincott's Q&A Review for NCLEX-RN®

Diane M. Billings RN, EdD,
FAAN

2008, 928 Pages, \$39.95

This top-selling NCLEX-RN review package reflects the most current NCLEX-RN test plan and contains more than 5,500 total test questions, including the new alternate-format questions, to help students practice taking the licensing exam. Organized by practice area: childbearing family/neonate, child health, adult med-

urg, and psychiatric and mental health - the book contains more questions than any other NCLEX-RN review. The author clearly explains the rationale for correct and incorrect answers, and six comprehensive tests resembling the format of the NCLEX-RN are included. The back-of-book CD-ROM contains more than 1,000 questions.

Incredibly Easy!® Series

Springhouse

\$23.95 - \$39.95

For passing exams, mastering clinical skills, quick-check reference, or brushing up on a topic - every *Incredibly Easy!*® title helps nurses and nursing students provide safer and more accurate patient care. The *Incredibly Easy!*®, *Incredibly Quick!* *Incredibly Visual!*, and *Incredibly Easy!*® Pocket Guides give you the essential information you need, just the way you want it. Whatever your preferred learning style, this award-winning series of books makes everything you need to learn and know about nursing. *Incredibly Easy!*®

Straight A's, A Review Series

Springhouse

\$35.95, 288-608 Pages

Ideal both for students seeking proficiency in a specific area of nursing practice and for practicing nurses looking for a quick refresher, the *Straight A's Series* is the perfect learning and review tool. Each volume in the series features a unique, two-column format that lets you choose how you want to study. Key points in the exterior column provide quick access to vital information, and alerts highlighted in color that point out critical information. A pre-test and NCLEX®-style post-test questions help assess your knowledge and build your confidence, and a back-of-book CD-ROM features hundreds of NCLEX-style questions, answers, and rationales.

NCLEX® Review 3500- Study Software for NCLEX-RN®

Springhouse

2005, \$50.95

Designed to mimic the actual NCLEX-RN® exam, this thoroughly updated review software follows the most current NCLEX® test plan, including new alternate-format questions and more questions on nursing management. Users will find more than 3,500 multiple-choice questions, 500 of which are brand new - covering 29 major topics in five major nursing categories: fundamentals, pediatric, psychiatric-mental health, maternal-neonatal, and medical-surgical. Three study modes - pretest, review, and test - give correct and incorrect answers with rationales. Additional features include a client-needs subcategory for each question, a hints button, and a glossary with 400 medical terms. ©
