Jonathan Buttrick Joins NSNA Staff as Publications and *Imprint* Managing Editor

Brooklyn, New York – September 15, 2008. The National Student Nurses' Association (NSNA) is pleased to welcome Jonathan Buttrick, MPW (Master of Professional Writing), as its new Publications and *Imprint* Managing Editor. He comes to NSNA with six years of experience in editing and production management with a background in writing, graphic design, event planning and technical assistance.

Upon receiving his master's degree at the University of Southern California in Los Angeles, Mr. Buttrick spent several years in Boston where he managed all aspects of publications production for a national nonprofit consulting organization working to achieve positive outcomes for people with disabilities or other special needs. Recently, he edited and produced low-income housing crisis reports endorsed by national housing and advocacy leaders as well as materials used to promote the allocation of permanent supportive housing vouchers to disabled victims of Hurricane Katrina. In 2007, while continuing to edit and coordinate events for housing and homelessness issues, he began pursuing his longtime interest in science and health care by taking several nursing school prerequisite courses and volunteering his time at Massachusetts General Hospital in the department of Emergency Radiology.

Mr. Buttrick is thrilled to join NSNA and begin working with the students. He feels fortunate to be in a positive environment working on behalf of the student nursing community, and is excited to maintain the high level of quality upheld by departing *Imprint* managing editor Larisa Mendez Downes.

*

NSNA is a membership organization representing 50,000 students in Associate Degree, Diploma, Baccalaureate, generic Masters and generic Doctoral programs preparing students for Registered Nurse licensure, as well as RNs in BSN completion programs.
