# Image of Nursing

Positive	Not so Positive
Viewed by public as the most honored profession	Nursing is a woman's profession
	Women are the more caring sex
	Nursing is about bedpans and baths
	Nurses are underpaid
	We need men in Nursing to have credibility

# Misconceptions of Nursing by Men Who Might Make Good

- Nursing is a woman's job
- Real men don't show caring emotions
- All men in nursing lead an alternative lifestyle
- There is no opportunity for advancement
- Nursing schools are places to meet women 😊

# Why Should Men Consider Nursing

- Job security
- Financial security
- Change jobs without changing career
- Advancement opportunities
- Mentoring opportunities
- The opportunity to make a difference
- No suits – you can wear your pajamas to work 😊

# Where Will We Find Future Nurses

- High school career fairs
- In Pre-Med programs
- In the military
- In public safety
- In factories
