

Nursing Organizations

Imprint presents a sampling of the many nursing organizations in which you can participate following graduation. You can join those partnered with NSNA now as a student. Check out NSNA's Alliance Partners below, who already provide benefits to nursing student members.

AMERICAN NURSES ASSOCIATION

www.nursingworld.org

The ANA is the only full-service professional organization representing the nation's 2.7 million registered nurses through its constituent member nurses associations.

ANA advances the nursing profession by fostering high standards of nursing practice, promoting the economic and general welfare of nurses in the workplace, projecting a positive and realistic view of nursing, and by lobbying the Congress and regulatory agencies on health care issues affecting nurses and the public.

NATIONAL LEAGUE FOR NURSING

www.nln.org

The NLN is the nation's leading nursing education organization, serving nursing faculty and practicing nurses at all levels of education and practice. For more than 100 years, the NLN has been dedicated to the advancement of quality nursing education.
